

Leadership Canal Winchester

A 9-Month Leadership Cohort | September 2026 – May 2027

Canal Winchester is growing and so is the need for leaders ready to shape its future. Leadership Canal Winchester brings together a small group of emerging and experienced leaders for nine months of meaningful growth and community connection.

What To Expect

A transformative small-group experience

Each monthly session runs three hours, typically on the first Friday morning of the month. This fits within a working schedule while honoring the depth the program requires.

Participants gain valuable insights from and connections to executive coaches as well as local government and business leaders.

This program covers personal growth, civic engagement and networking while offering tools for transformation. You will graduate in May 2027 with a network of peers who know and support you.

Apply Today

Applications are reviewed by our planning committee. We encourage you to apply early. Space is limited. Go to canalwinchester.com or scan the QR code to apply.
